

# EAGLEXP

**Solutions delivered on time**

Delivering value in spare parts for Mining, Civil, Construction and Agricultural enterprises throughout Australia and the South Pacific

## Company Profile

EagleXP began in 1993 with a goal to provide industrial procurement services to enterprises located in hard-to-get locations throughout the South Pacific. From the beginning we realised the importance of providing fast supply solutions to our customers. Often thousands of dollars were at stake if operations halted waiting for replacement parts or materials.

Using this mindset since our inception, EagleXP has quickly grown to become a leading supplier of spare parts and industrial products throughout Australia and the South Pacific, placing speed at the top of our priorities. With a focus on the Mining, Civil, Construction and Agricultural sectors we strive to offer fast and globally competitive solutions for heavy machinery spare parts and a wide range of industrial products.

## Our Core Purpose

At EagleXP our core purpose is to deliver solutions to our customers. **On Time**

## Our Values

We Build Great Relationships.  
Based on performance.  
With our clients and suppliers.

Act Fast. Speed of service is paramount.

Seek the best solution for maximum client benefit. Go the extra mile.

Value Reliability. We do what we say and say what we mean.

Good Vibes. Positive, friendly, professional. Happy customers, suppliers and staff.

Final Drives  
Torque Converters  
Cylinders

## Why EagleXP?

We help mining, civil, construction and agricultural enterprises located in Australia and the South Pacific to source spare parts and materials in the fastest time possible, saving valuable time and money.

Our broad range of competencies include:

- Domestic and international supplier relationships, allowing us to source and expedite an extended range of spare parts and materials fast.
- Access to specialist knowledge in OEM, aftermarket and remanufactured spare parts.
- Dedicated IT systems and work processes to aid fast, consistent and efficient sourcing and expediting products.
- In depth understanding of logistics throughout Australia and the South Pacific Islands.
- 25 years' of industry experience
- End-to-end supply solutions.

## Quality Assurance

We create peace of mind for all our customers though providing a 100% money back or replacement warranty if you are not completely satisfied with your item/s. When expediting, all our items are also covered by:

- Product Liability Insurance;
- Public Liability Insurance; and
- Marine cargo insurance up to \$500,000 AUD per shipment.

## Case Studies

### Damper Component – Komatsu HD785-7 Truck

Flanges required to repair Damper assemblies on Komatsu HD785-7 Truck and allow repairs to return unit to operation. Nil stock globally through OEM dealer with 3 month lead time. We sourced & supplied OEM spec part less than half cost and delivered in 14 days.

### Final Drive – Cat 336D Excavator

Two Reman Final Drives & motor required urgently for a Cat 336D. Dealer quoted 5-6 week lead time. We sourced genuine reman part through our global network and quoted with 10 days lead time and \$19,000 saving compared to OEM dealer.

### Wiring Harness – Komatsu PC130

Wiring Harness unavailable from OEM for 2-3 months. We supplied OEM part in 14 days at 40% less than dealer.

### Reman CAT Transmission – 12H Grader

Won order for Reman transmission with \$5000 saving over next lowest quote.

### Bucket Cylinder Seal Kit – PC2000

Genuine service kit only available ex overseas \$2188.00 with two weeks delivery. We supplied a quality aftermarket kit for \$650.00 and dispatched in 48 hours.

### Dashboard Cluster – Hyundai R210 Excavator

Hyundai genuine Dashboard Cluster supplied is 5 days for \$1800 less than dealer.

**Komatsu – Caterpillar – Hitachi – Hyundai – Doosan – Volvo – Perkins – Cummins**
