ABOUT | EAGLEXP

We are a specialist spare parts procurement and supply solution company servicing mining, construction, civil and agricultural enterprises.

Having worked with a wide range of operations across Australia, Papua New Guinea and the Pacific Islands, we have developed highly efficient systems to ensure we consistently bring value to our customers.

Over time, we have accrued an extensive global supply network and 25+ years' experience in developing tailored logistical solutions. We aim to leverage this regularly to reduce costs and lead times for our customers.

We value reliability and aim to build great relationships on the back of our excellent service and commitment to seeking the best solutions.

Our warehouse is currently based in Brisbane, Australia.

Exporting Capabilities

For our clients in Papua New Guinea and the South Pacific, we offer a total solution for the procurement and delivery of components and materials for mining, civil, construction and agricultural enterprises.

No matter how large or small your requirement we are ready to support you.

PEACE OF MIND

At EagleXP we strive to provide value to our clients through consistently providing high quality parts, materials and products, coupled with responsive & reliable service.

We provide a warranty on every component we supply so you can have total confidence and peace of mind when ordering.

With over 25 years' experience and an extensive global supply network, you can always trust us to source and deliver your parts on time.

Covered by:

- ✓ Product Liability Insurance
- ✓ Public Liability Insurance
- ✓ Marine Cargo Insurance

Our Values

We Build Great Relationships. Based on performance. With our clients and suppliers.

Act Fast. Speed of service is paramount.

Seek the best solution for maximum client benefit. Go the extra mile.

Value Reliability. We do what we say and say what we mean.

Good Vibes. Positive, friendly, professional. Happy customers, suppliers and staff.
